

# CRITICAL INFORMATION SUMMARY

## INFORMATION ABOUT THE SERVICE

### SERVICE DESCRIPTION and KEY INFORMATION

TMC Connect NBN Broadband provides asymmetrical high speed internet access via the National Broadband Network. The service comes with a static IP address and unlimited data allowance each month.

### SERVICE INSTALLATION

Standard installation is included if the service is to be connected in an existing developed area. Additional charges may apply if your service installation is deemed to be non-standard. NBN Co will deliver your service to the Network Boundary Point at your premises. The cabling that is required in your premises beyond the Network Boundary Point is your cost and responsibility, as is the provision of a suitable 240V AC power outlet. NBN Co may charge a \$300 new development fee for the cost of deploying network infrastructure to new premises or dwellings, which will appear on your first bill. If you choose to install a second service at the same premises, you will be charged \$297. Please contact our Customer Care Team for further information.

### HARDWARE REQUIREMENT

You will require a suitable NBN compatible modem/router for the service to work. If required, we can provide you with our NBN Network Gateway for \$19 including P&H when you sign up to a 12 month term.

### IMPORTANT CONDITIONS REGARDING SPEED

Interface speeds refer to the speed of the technology installed at your premises. They are not necessarily equivalent to the download/upload speeds you will achieve in practice. Actual speeds will be affected by many external factors which include the number of end-users using the service at the same time, the hardware, the software and software configuration, the connection method within the premises and the type/source of content being downloaded. In the case of NBN connections delivered using FTTN (Fibre to the Node) technology, the distance you are away from the node will affect maximum available speeds.

### MINIMUM TERM

Minimum term is 12 months.

\* Subject to TMC Connect's Acceptable Use Policy.

\*\* Typical BH (business hours) speed measures network speed to customer premises based on results from Measuring Broadband Australia. It is not a measure of customers' received in-premises speed.

### SET UP FEES and MINIMUM TOTAL COST

There are no set-up fees. Minimum total cost on a 12 month term: NBN LITE 25 - \$708, NBN MID 50 - \$948, NBN BIZ 100 \$1,068, NBN BIZ 1000 \$1,428.

### SERVICE AVAILABILITY

The service is subject to NBN availability at your premises. To check availability please contact our Customer Service Team on **1300 846 046**.

### CANCELLATIONS and PLAN CHANGES

The service can be cancelled at any time after the minimum term. A full monthly access fee applies to the billing period in which the service is being cancelled. You can upgrade or downgrade the plan at any time (subject to service availability). Any changes will take effect from the beginning of the following billing period which commences on the 1st day of every month.

### EARLY TERMINATION CHARGE

If you cancel your service within the minimum term, you will be charged an Early Termination Fee (ETF). The ETF will be calculated as your monthly access fee multiplied by the months remaining in your minimum term.
