

CRITICAL INFORMATION SUMMARY

INFORMATION ABOUT THE SERVICE

SERVICE DESCRIPTION and KEY INFORMATION

TMC Connect SIP Trunks are the smartest and most cost effective way to connect your on-premise PBX or IP phone devices to business VoIP. Enabled by unmatched reliability and scalability, the service enables you to make and receive phone calls utilising a broadband connection. The monthly access fee includes a single SIP Trunk with allocated SIP channels that determine the number of concurrent phone calls the service is able to support. You can allocate a new AU landline phone number to the service or port in your existing AU landline number. This service is not appropriate if you require an uninterrupted phone service with access to 000 emergency services and will not function in the event of a power failure.

MINIMUM TERM

Minimum term is one (1) month. You can change your plan at any time and changes take effect from the commencement of the following billing period.
